COAL SITUATION IN ALEXANDRIA

Supply Limited and Shortage Already Being Felt

FACTORY MAY CLOSE

O. D. Glass Co., Has But Week's Supply—Consumers Limited to a Ton—Majority Already Supplied

The shortage of coal already is being felt in Alexandria, although there has been no suffering from lack of coal thus far. Manufacturers, however, are somewhat apprehensive, and unless coal is received within the next week the first plant to close down will be the Old Dominion Glass Company, which concern has but a week's supply on hand.

Representatives of other manufacturing concerns, many of which are big coal users, when interviewed today by a representative of the Gazette, stated that they while they had no surplus coal on hand they expressed the opinion that coal they have on hand together with the coal in transit would tide them over for several weeks.

The various dealers stated they had only a limited supply on hand, and some dealers are restricting consumers to a ton at a time, and other dealers have no anthracite coal. Several dealers, however, expect coal shortly and with what is on hand together with what they expect they hope to keep the consumers supplied with a limited quantity of fuel at least.

George D. Hopkins, secretary and treasurer of the Old Dominion Glass Company, stated today, that his company has on hand only a sufficient quantity of coal to last a week. This concern uses about twenty tons of coal daily and unless coal is received during the coming week this factory will be compelled to discontinue operations throwing out of employment 450 men.

A. Seldtkeller, superintendent of the Alexandria County Lighting Company, stated that his company has a sufficient supply of coal on hand to carry them over until other coal on the road is received. This company uses a carload of coal daily.

The Southern Railway Company, according to George R. Buddin, division superintendent, has about four or five days' supply on hand for use on this division. Mr. Buddin, however, is of the opinion that an additional supply soon will be received here from Charlotte, N. C., which will relieve the situation.

R. M. Much, assistant treasurer of the Virginia Shipbuilding Corporation, said that corporation has a sufficient supply on hand to meet its needs for some time to come, although there was no surplus coal.

Julian Y. Williams, president of the Alexandria Fertilizer and Chemical Company, stated his plant is operated by electric power, furnished by the Alexandria County Lighting Company, and the failure of the manufacturers to obtain their usual supply of coal would also effect the company he represents. His concern he said had not a limited reserve stock of coal on hand.

The Bryant Fertilizer Company also is operated by electric power furnished by the Alexandria County Lighting Company, and is in about the same situation at the Alexandria Fertilizer and Chemical Company.

Samuel W. Pitts, vice president and treasurer of W. A. Smoot and Co., Inc., stated that the Smoot Company has a limited supply of coal on hand and is limiting orders of private householders to a ton at a time.

Mr. Pitts further stated that a majority of private consumers also already have put away their winter's supply, having heeded the warning early in the summer to lay in a supply of coal. He estimated that fully ninety per cent had done this.

T. J. Fannon had stated he has no anthracite coal on hand at the present time and only a limited supply of bituminous coal. Mr. Fannon also stated that recently he had been unable to obtain any additional coal.

De Wilton Aitcheson stated that he has a limited supply of coal on hand and although he expressed the opinion that coal already ordered from mines will arrive soon and somewhat relieve the situation.

BAPTIST CAMPAIGN

Curtain Will Ring Down on 75 Million Drive

The Baptist 75 million campaign will close its victory week tomorrow night and all of the churches are pressing hard for subscriptions. Virginia is sure of announcing victory at the close of this campaign it is stated. Its apportionment was $7,000,000. It is confidently believed that its quota has been raised, and when the results are tabulated it is expected to go far over the top from 25 to 50 per cent.

The churches in this city and vicinity have already passed their apportionment and are pressing on to even greater victory. The watchword for the last hours of the campaign are "Pray, plan, push and pledge for victory." "Over the top and still going" is the oft received message at State Headquarters. The campaign throughout the southland has been one of the greatest tasks the Baptists ever undertook, but it has been accomplished in masterly fashion and when the final results are obtained it is believed they will show that nearly one hundred million dollars has been raised.

MOOSE CAMPAIGN

One More Month to Run—Free Pictures to be Shown Tomorrow

The Moose campaign is nearing its close, there remaining only four weeks more. Nearly five hundred candidates have been initiated since September 30th.

Tomorrow the Moose will show pictures at both the Richmond and Grand Theatres, to which the public is invited. These pictures are intended to vividly portray the wonderful work the Moose are doing throughout the world for mankind and especially for orphan children.

They will be shown at the Richmond from 3 to 5 p. m. and at the Grand from 5 to 10 p. m.

Children will not be admitted unless accompanied by their parents.

On December 18th a dance will be given at the Odd Fellows' Hall, the invitations and tickets are now in the hands of the committee.

It is hoped that the Hon. Thomas R. Marshall, Vice President of the United States who is an ardent member of the Moose, will address the local body in the near future.

DEATH OF JOSEPH F. GLOVER

Joseph F. Glover, fifty-seven years old, a former resident of Alexandria, died yesterday morning at Casualty Hospital, Washington. The deceased was unmarried. Mr. Glover for many years served as deputy marshal of the United States Court in this city.

His funeral will take place at 11 o'clock Monday from Wheatley's mortuary chapel and services will be conducted by Rev. Dr. E. V. Regester, pastor of the M. E. Church South. Burial will be in Bethel cemetery.

TO BUILD HOUSES IN THIS CITY

Alexandria Real Estate and Mortgage Corporation Chartered

CAPITAL STOCK $300,000

Campaign Next Week To Secure Subscriptions—Purpose to Erect Houses For New Citizens.

The committee of citizens who have been investigating the problem of providing additional houses to meet the present acute situation in our city have found, after carefully going into the matter that, before any real progress can be made, it will be necessary to know exactly what financial support such a movement will be given by those Alexandrians who are directly interested in making our present prosperity more permanent.

This is brought about by the facts that proper options on land cannot be secured and responsible contractors will not take the time or go to the expense of working out the actual costs of developing land for building purposes or submitting estimates for a practical building program, nor will financial institutions consider financing first mortgages in large amounts, until there is some assurance on our part that the work will be done.

To meet this condition the committee has appointed an organization committee to secure a charter and to ascertain the exact amount of support this movement will receive from our own citizens.

A charter has been secured under the name of the Alexandria Real Estate and Mortgage Corporation, with an authorized capital stock of $300,000, and for the purposes of incorporation the organization committee which is composed of Carroll Pierce, L. H. Dudley, B. Weil, Taylor Burke, M. B. Harlow, F. T. King and W. A. Smoot are named directors, and W. A. Smoot, the chairman of the committee, is named as president, and G. H. Evans is named as secretary and treasurer of the new company.

It is understood that a meeting of the stockholders will be called as soon as the stock subscriptions justify it and that the stockholders will elect their directors who in turn will elect their officers.

According to present plans a vigorous campaign will be started early next week to secure subscriptions to this company and it is now expected that the largest part of that work will be completed in a few days.

It is hoped that those whose interests are dependent on our city's prosperity will not under-estimate the importance of securing additional housing facilities for Alexandria and that the present movement will receive the support it should have.

REVENUE DISTRICT ENLARGED

Collector R. C. L. Moncure Has Additional Territory

The order for the enlargement of the Second Virginia Internal Revenue District, of which Richard C. L. Moncure is the collector, has been signed by President Wilson.

The newly added territory embraces this city, Alexandria, Loudoun, Fauquier, Prince William, Fairfax and Mecklenburg counties and it is announced that Accomac and Northampton are in the Baltimore district.

JAMES B. WRIGHT DIES

James B. Wright, seventy-two years old, died suddenly yesterday afternoon at his residence, 15 Rosemont avenue, Rosemont. Heart trouble is thought to have been the cause of his death.

The deceased for many years past had been employed as a moulder at the Washington Navy Yard.

He is survived by two sons and a daughter, Charles Wright, Milwaukee, Robert Wright, this city, and Mrs. Charles Arrington, Alexandria county.

MRS. JENNIE PETTIT DEAD

Her funeral will take place at 1:30 o'clock Monday afternoon and services will be conducted by Rev. Dr. W. J. Morton, rector of Christ P. E. Church. Burial will be in the Methodist cemetery.

JENKINS RELEASED FROM PENITENTIARY

U. S. Consul Agent Roused From Bed and Hurried Homeward

U. S. NOTE HAS EFFECT

American, It Is Said, Gave Check For $500 To Mexican Authorities to Secure His Liberation.

Mexico City, Dec. 6.—William O. Jenkins, the American Consular Agent at Puebla, was released at 10 o'clock Thursday night by order of the judge at Puebla, according to a dispatch from that city filed there at 2.30 o'clock yesterday morning. Consul Jenkins retired immediately to his home, the message stated.

Advices to Democrats state that Consul Jenkins was set free after the authorities had been handed a check for $500 (American) signed by J. Salter Hansen, drawn on the Guaranty Trust Company of New York. It is declared that Mr. Hansen conducted all negotiations for the release.

The freeing of Mr. Jenkins came as a surprise to him, the dispatch adds. He was awakened from his night's sleep by Chief of Police Zavaleta, and at once dressed himself, gathered together his few belongings, and was conveyed to his home. His release, it was said, was not unexpected in Puebla.

Washington, Dec. 6.—William O Jenkins, the American Consular Agent imprisoned at Puebla, Mexico, was released Thursday night.

The American Embassy in Mexico City reported his release in an official dispatch received by the State Department yesterday afternoon and almost at the same time news dispatches were received from Mexico City which said a check for $500 had been deposited with the civil authorities at Pueblo.

WOULD CANCEL DRY AMENDMENT

Suit Brought to Quash Proclamation Announcing Ratification

ASK FOR MANDAMUS

Referendums Reserved Declared to Cut Down Necessary Number—Action Brought by Vigilance League.

The first legal effort to compel the State Department to cancel its proclamation that the National Prohibition Amendment has been made effective by the action of the required number of States was made in the District Supreme Court yesterday. The proceedings took the form of a petition for a writ of mandamus directing Secretary Lansing to recall and cancel the proclamation issued by the State Department last January.

The suit to contest the validity of the amendment was brought in behalf of the Vigilance League, an association of citizens of New York city not connected with any liquor interests but made up of men prominent in most of the leading professions. The actual petitioner in the suit is Robert A. Widenman of West Haverstraw, N. Y., who also is without pecuniary interest in the manufacture or sale of alcoholic beverages.

It was contended that ratification by two-thirds of the States had not been completed because certain of the States have reserved a referendum Justice Hitz took the matter under advisement.

The petition asserted the proclamation was void, as the time in which the States might refer the question to the voters had not expired when it was issued on January 29.

The object of the suit, officers of the Vigilance League said, was to establish the fact that all of citizens of the United States regardless of their business interests are vitally affected by the eighteenth amendment. The amendment it was claimed by the petitioner was never properly submitted to the several States, and is wholly void as being in direct conflict with the purpose of the Constitution of the United States.

HAPPENINGS ABOUT CITY TOLD IN BRIEF

William F. Caine, editor of the Fairfax Herald, was in the city yesterday.

The second dance of the Alexandria Assembly will be held tonight in the Elks' Auditorium.

All members of the Second Presbyterian Church are expected to attend the morning service when the new officers will be ordained and installed.

Dorothy Elizabeth Fletcher, three months old, daughter of Mr. and Mrs. Robert E. Fletcher, died last night at her parents' home, 1116 Cameron street.

Mary E. Lyles, a well known colored resident, died this morning at her home, 616 South Columbus street. She is survived by three sons and three daughters.

The funeral of Capt. John T. Robey who died in Washington, will take place at 3 o'clock Monday afternoon from his late residence, 402 South Lee Street.

Mrs. C. M. Robney, 328 South Washington street, has returned from a trip to Catonsville where she attended the funeral of her nephew, Howard Ford, who was treasurer of the Savings Bank, Baltimore.

Recently many persons have been puzzled by a faint "me-o-ow" and looked for a cat or kitten and instead found neither whereupon investigation disclosed it is a greeting among members of a club designated as the "I and J. Social Club."

There will be a special meeting of Alexandria Division No. 1, Ancient Order of Hibernians, at the Lyceum Hall at 3 o'clock tomorrow afternoon at which time state officers will address the members. All members are urged to be present. Other matters of importance will also be considered.

Dr. and Mrs. Samuel A. Wallis, $5; a friend, $1.

FIRE AND DYNAMITE

Town Given Scare by Warning of Plot to Burn and Blast

Columbia, Pa., Dec. 6.—Columbia had a big scare Thursday night, caused by the receipt of a letter threatening to blow the opera house and to burn some of the buildings in the business section.

The letter received was given to Chief Burgess W. M. D. Miller, who appeared before Council and notified the members.

Council immediately summoned the chairman of the Public Safety Committee, who placed patrols in all sections.

In view of the recent fires in the business section and this threat the authorities are on guard. A close watch is being kept to catch the guilty parties.

DETECTIVE MURDERED

William T. Cox, on Duty at Mining Camp, Shot Down From Bushes

Bristol, Tenn., Dec. 6.—William T. Cox, a Baldwin Felts detective on guard duty in the Bondurant Mining Camp near St. Charles, Va., was shot to death from the bushes about 4 o'clock this morning, according to advices reaching Bristol last night.

Officer Cox is thought to have been killed by Radicals who have been terrorizing loyal miners in the St. Charles coal fields with threats during the past several weeks.

A resumption of shooting and general disorders in the Virginia Lee Camp early this morning will probably result in another request that the governor send troops to the aid of operators and loyal miners. Cox's assailant had not been apprehended today.

BLEAK CHRISTMAS TO MANY

The growing scarcity of coal is not only causing apprehension but actual inconvenience at present, and suffering is sure to follow. While the output of some mines has been increased somewhat, the great mass of striking miners are still holding out. Many passengers on railroads have been cut out, rendering the crews idle, and all plants engaged in the production of non-essential articles are being closed. It means enforced idleness of many thousands of workmen during the winter season and while Christmas is drawing near. He may come this year in his element and shake the snow from his garments in frigid abodes.

According to dispatches one million men are out of employment in Chicago and nearby places. This means a loss of several million dollars a day to breadwinners.

Only those who have death or sickness in the family or who have important business missions will be permitted to travel while limited train service continues during the fuel famine. Even a wedding trip is tabooed.

Hospitals and charitable institutions of Washington, confronted with steadily decreasing coalbins, have issued strict orders for conserving fuel in order to avert a possible menace to the lives of thousands of patients.

Some of the city's largest hospitals are using reserve supplies and in many cases this has dwindled alarmingly.

Orders affecting saving of electric light and furnace heat have been promulgated by the superintendents of practically every medical institution in the District of Columbia.

Many of the larger hotels are facing a serious situation and officials are alarmed at the increasing seriousness of the situation.

All excursion trains out of Washington have been canceled in order to conserve fuel.

For the first time in a quarter of a century Nebraska farmers are burning corn. Notwithstanding the fact that corn costs $1.35 a bushel the farmers are compelled to use it for fuel, having no coal. When they burned corn in 1894 it cost but 3 cents a bushel.

Strikes since January 1, not including the walkout of coal miners, have cost the United States Shipping Board $37,000,000.

THE SPECTRE OF EVICTION

Scarcity of housing accommodations seems to have spread over a large section of the United States, especially in cities on the Atlantic seaboard. Houses are also scarce, it is said, for many miles inland. A lady who recently came to Alexandria, and who advertised for a room with facilities for light housekeeping, and who failed to secure the same, says conditions in Vicksburg, Miss., are the same.

During the past two years serious inconveniences has been experienced by many newcomers to Alexandria. Most of such, however, have eventually been housed, but additional demands will be made upon us during the coming year. It is hoped every room unnecessary for the present use of families occupying houses will be placed in proper condition to meet the demand which will surely be made upon us.

In this connection it may be stated that rents have advanced with a hop, skip and a jump in many cases, while considerable property hereabouts has changed hands. This means in most cases that the purchasers desire to occupy the premises themselves, while some purchasers, not in need of homes, have materially advanced the rent on their acquirements.

In the larger cities numerous families have been evicted, and the trouble incident to securing other houses is a sad experience for those who, unfortunately, do not own their homes.

Seven hundred families in Philadelphia are faced with eviction before Christmas, or at least by the end of the year say newspapers of that city.

The seriousness of the situation with cold weather upon us and a scarcity of houses is such that seven hundred evictions during the month is believed by Philadelphia officials to presage a large amount of suffering.

EGGS STILL SOAR

A few fresh eggs were offered for sale by country people in the Alexandria market this morning at one dollar per dozen. There is no indication of a future weakening in quotations, and by Christmas prices may have been still farther advanced. The holders of these essentials were unmoved by complaints of prospective buyers, most of whom turned away from the countrymen. The latter were defiant, however, and announced that they would carry their products back home rather than recede in their figures.

The demand for eggs is not likely to be as brisk this Christmas as on former holiday occasions, as eggnog will doubtless be conspicuous by its absence in most homes. But eggs enter into the compositions of many other things at this season.

Many years ago these essentials sold at one dollar each in the Klondike region. Should present conditions continue they may reach such figures hereabouts.

WILSON'S CONDITION

Senator Fall's statement regarding the ability of President Wilson to transact necessary business ought to put an end to the rumors and innuendoes intimating the contrary. Whether these rumors have been the product of designing enemies or of honest doubters the effect has been the same. They have created suspicion and uncertainty and alarm. If Senator Fall has any bias or prejudice in this matter at all it is certainly not of a sort that would lead him to be too sanguine about the improved condition of the President.

Until, then, there is some change in the President's condition, or until his medical advisers state otherwise, the country can assume that he is perfectly capable of handling any matters that it is necessary for him to handle and can properly disregard all suggestions to the contrary.

And the whole country will fervently hope and pray that all changes in his condition which do occur will be for the better.—(Baltimore Sun.

THE DEADLY AUTO

It is evident that neither the automobile law nor the traffic system over which the police have labored for years has done anything to lower the number of motorcar fatalities in New York.

Last month, when trolley cars and wagons killed six persons, automobiles killed 72. The rate, which last summer was horrifying enough with its average daily cost of two lives, has gone up.

It is trite to say that the motorcar is a necessity; but it would be ridiculous to say that it must be permitted to use the streets in a manner which costs the city nearly 1,000 lives a year.

Why can't a street be made safer than a battle field?—(N. Y. Sun.

OPERATORS ACCUSED

Indianapolis, Dec. 6.—Charges that operators had conspired with miners to restrict coal production resulted Thursday in the calling of a special session of the Federal grand jury which on Monday will start a thorough probe from which looms the intention of the government to inaugurate sweeping prosecutions throughout the country of all persons who have conspired to limit fuel production "whether they be miners, miners' officers, mine operators, or dealers."

"From the facts now in our possession," said District Attorney Slack, "it appears that the coal operators are engaged in the conspiracy with the miners to violate the Lever act." It is charged that the operators are in league with the miners to restrict the production of coal and that the operators themselves are leagued together to violate the anti trust acts. All against whom charges have been lodged will be called to face the grand jury, it was declared.

GOES UNDER KNIFE

Virginia Student Held Criminally Insane, Made Normal

Richmond, Va., Dec. 6.—How S. Dabney Crenshow, Jr., former University of Virginia student, son of a high official of the Virginia Carolina Chemical Company, and a grandson of the late General Cassius Clayton, of Kentucky, former American minister to Russia, was transformed from one considered a criminal to a person of normal instincts by an operation on his skull by Dr. William Sharpe, New York surgeon, was described yesterday by Dr. Beverly R. Tucker, local alienist, during habeas corpus proceedings in the City Circuit Court, which resulted in the young man being discharged from the Southwestern Hospital for the Criminally Insane at Marion, Va.

Crenshaw was committed to that institution last July after being tried three times at Charlottesville for robbing the chemical laboratory at the university early in 1917 of a quantity of platinum and then burning the building in an effort to cover up the theft. On each occasion the jury disagreed. The defense was that he was insane at the time of commission of the crimes but has since been restored to normal mentality by the operation on the skull.

Dr. Tucker testified that he considered that operation eminently successful in every respect, the whole character and attitude of the patient having undergone a marked change.

A TALK WITH AN ALEXANDRIA MAN

Mr. Frank E. Roat, Blacksmith of 107 South Payne Street, Tells His Experience.

There is nothing like a talk with one of our own citizens for giving hope and encouragement to the anxious sufferer from the dread kidney disease. We, therefore, give her an interview with an Alexandria man:

"I had trouble with my back," says Mr. Roat. It was weak and lame and sometimes the pain was pretty bad; I could hardly bend over or straighten up. Mornings my back was so sore it felt like pins and needles when I touched it. I also had bad headaches. Nights I had to get up five or six times, and when morning came I was all tired out. This went on until I was advised to use Doan's Kidney Pills. I got Doan's at Leadbeater's Drug Store and they certainly reached the spot. My kidneys acted regularly again and I got wonderful relief from the pains in my back. Since then I have used Doan's once in a while to keep my kidneys toned up."

Hudson Super Six

Order Your Hudson Now For Later Delivery

Buyers Know the Advantages of Anticipating Their Wants With This the Largest Selling Fine Car

Constantly for four years Super-Six sales have exceeded those of any other fine car.

Buyers have had to wait a month or more during the selling seasons before they could get delivery. On some models, at this writing, we are far behind orders. Yet factory production was never as large.

Thousands are driving less desirable cars that were accepted because they could not get delivery of a Hudson. Many frankly express their regret that they had not ordered a Hudson early enough to assure delivery in time to meet their needs.

Can There Be Any Hesitancy In Your Preference?

Four years have given universal recognition to the Super-Six. The patented principles in its motor ended destructive engine vibration and added 72 per cent to the power without increased weight or size.

That motor was developed by Hudson and it is exclusively Hudson. In the present model are the refinements resulting from 60,000 cars in service.

And then there are its official records of the most trying tests. No other car ever so established itself.

Some, at first, may have doubted the value of such proofs as were made on the speedway and in transcontinental racing so far as they relate to the type of car that would meet ordinary service. But no one now questions the importance of those records.

The fastest mile for a stock chassis was not established as a mark for Hudson owners to aim at. Nor was the twenty-four hour record of 1,819 miles set as something that should be attempted by every Super-Six.

Likewise, Hudson racing cars did their part to prove the very qualities most desirable in an automobile used for individual transportation. The one most essential quality in an automobile is its reliability. No one ever questions Hudson's right to first place in that particular.

So, Too, Is Its Style Equally Distinct

The boulevards of the great cities show what is most wanted in body lines and general equipment. Can you find more beautiful cars anywhere than are the Hudsons?

They set the vogue. Hudsons forecast the trend of motor car design. As a result a one or two year old Hudson has the same general lines as the current models of most other makes.

There can be no disappointment over the beauty of the Super-Six, regardless of the model you select.

The Wisdom of Buying Now

With these evidences is there any good reason why you should not now place your order for a Hudson?

You know the car you will get. It merits your implicit confidence.

Think of the thousands who this year have had to forego the pleasure of owning a Hudson, just because they put off ordering. Vacations planned to be taken in touring in a Super-Six had to be changed.

All the world is crying for automobiles. The demand cannot soon be filled.

Hudson, as the largest selling fine car, must as a matter of right continue the first choice. Only those who place their orders in advance of their needs can be sure of getting the car they want.

...FOR ASSAULT

...erdict Set Aside, She Sues for $17,500 More

New York, Dec. 6.—The price of attacking a young girl has leaped $17,500 in 41 days.

Lillian Multke, 19, sued Homer V. Orzis, a broker, on October 28, demanding $5,000, because she claimed, he had assaulted her last July. The broker failed to appear and the jury awarded the girl $7,500.

Counsel for Orzis had the verdict set aside on the ground that the jury could not award more than was asked. When the suit was filed again the young woman demanded $25,000.

When the second suit came up in the Supreme Court Wednesday, Orzis again failed to appear and the second jury awarded the girl all she asked for.

TERRIBLY SWOLLEN

Suffering Described as Torture Relieved by Black-Draught

Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would catch me, and I got so I castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be decribed as torture.

I sent and bought Theford's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Theford's Black-Draught."

Theford's Black-Draught will help you to keep fit, ready for the day's work. Try it! NC-131

DESERT INFANT

Baby's Body Dressed in Costly Clothes Found Near Water

The body of a two months old baby boy, dressed in costly garments and wrapped in a blanket, was found in the Eastern Branch, at the foot of Second street southeast, Washington, Thursday morning.

The child apparently had been in the water only a short time before it was found, as its cheeks were pink and warm. Life, however, was extinct.

No signs of violence were found on the body. Clues to the identity of the baby's parents likewise were absent. The body was removed to the morgue.

Detectives assigned to the case declare that it is their belief that the river will yield the body of the mother of the child. The manner in which the infant was tucked in the blanket leads them to believe that both mother and child were drowned simultaneously. The point at which the child was found is being dragged.

It is thought that the woman was one of the city's unfortunates. What motive the mother could have had in consigning her offspring to the cold waters of the river is a mystery to the police.

HUNTER SHOT FOR DEER

Bullet Meant For Supposed Buck Kills Mount Union Man.

Huntingdon, Pa., Dec. 6.—Thinking he saw a deer moving in the bushes on Terrace Mountain, where he was hunting, A. L. Stapleton, of Todd township, fired at the supposed buck and shot Chalmers Horton, another hunter, of Mount Union, in the neck. Horton died in a short time. He was 25 years old and leaves a family.

Another hunter named Pigden, from Donora, Pa., just returned with a party from a deer hunt narrowly missed killing Miss Margaret Criswell, at Entrecken, this county. His gun acidentally discharged in the Criswell residence, fired a heavy charge, cutting a large hole in the floor between the feet of the girl.

TAILOR MURDERED

Man Found Shot Three Times and Machine Wrecked in Ravine

Pittsburgh, Pa., Dec. 6.—Philip Russo, a merchant tailor of McKeesport, near here, was found dead near Wilmerding, Pa., yesterday. He had been shot three times. His wrecked automobile was at the bottom of a ravine not far away.

The police believe that Russo was shot by some one riding with him, the passenger then steering the car into the ravine before jumping to safety, and Russo's body being jolted from the seat as the car plunged over the steep bank.

The police believe he was killed by members of a "Black Hand" gang.

DO THE DEAD WALK?

Wife No. 1 Suicide, Alleged Bigamist Says—She Appears

Wilmington, Del., Dec. 6.—Grover Lee Anderson was arrested yesterday on a charge of bigamy. He expressed surprise and declared that his first wife, who belonged in Newton, Conn., had killed herself.

While he was making this statement the first wife appeared. Anderson has been married to his second wife for over three years.

[illegible] SCHOOL

Paxinos District Institution Wasteful and Inefficient, Pedagogue Says

[illegible] Dec. 6.—[illegible] had an exciting experience when some of the large boy students whom she attempted to discipline suddenly mutinied and chased her from the building. As a result of the incident the teacher has resigned.

The school has been the Waterloo of several teachers during the past two years. The directors of the district are investigating the affair.

NOT TO WITHDRAW

President Wilson has no intention of withdrawing the peace treaty from the Senate for the present, Senator Hitchcock, of Nebraska, announced yesterday after his visit to the President. He discussed the treaty question with the President briefly after the conference on the Mexican situation.

The President thinks the failure of the Senate to act on the treaty at the special session shifted the responsibility in the matter to "other shoulders" Senator Hitchcock said, adding:

"He is just going to let it stay where it is at present."

STRIKERS HELD

Pittsburg, Dec. 6.—Seventy-six striking steel workers, were arrested at Donora, Pa., yesterday, when troopers of the State police and county officers raided steel strikers' headquarters. The raid followed the explosion of a charge of dynamite under the residence of Felix Burkhardt, a workman, according to information received here.

The Brunswick Name

Certifies an Extraordinary Tire

Many motorists buy Brunswicks because of the name alone. It is sufficient assurance for them of super-quality.

They have known this ancient house for its high standards, as have their fathers and grandfathers. Since 1845 the House of Brunswick has been noted for its rare workmanship.

Brunswick standards, as applied to tires, mean giving the utmost. In them you will find combined all the approved features properly related. No one advantage overshadows others nor hides shortcomings.

The best tread that's known, the strongest fabric, the most enduring side-wall construction, every addition, every extra, make Brunswicks prove their superiority. No factory cost has been too great.

ONE Brunswick will win your decision to have ALL Brunswicks. It will be a revelation.

Buy it today. It costs no more than like-type tires.

As It Seems

The Road—In New Overland 4 on Three-Point Cantilever Springs

YOU expect a bad road to ride as it looks. It did, until the introduction of the Overland 4 Springbase.

Overland 4 does *not* change the road, but it *does* change the *manner* in which you can ride on it. It gives you comfort instead of dis-comfort. It gives you a smooth, sailing sensation instead of bouncing and swaying.

The Diagonal attachment of Three-Point Cantilever Springs at the ends of a 130-inch Springbase gives long wheelbase road steadiness. Yet Overland 4 retains all the advantages—lightness, economy, and ease of handling, of 100-inch wheelbase.

This means an altogether new standard of riding comfort, a noteworthy reduction in the wear and tear which lessens the efficiency of a car. The new springs give longer life to every part and thus minimize upkeep and replacement costs.

Tires wear longer because cushioned against hammering blows. Light weight means marked economy in gas, oil and running expense.

Overland 4's equipment is complete from Auto-Lite Starting and Lighting to Demountable Rims.

Come in and see this remarkable car. Ask for booklet. Overland 4 Touring, $845; Roadster, $845; Coupe, $1325; Sedan, $1375. Prices f. o. b. Toledo.

The "THOROBRED"
7-passenger Touring Car

THE trend of automobile engineering points to the 8-cylinder car. And good buying judgment points to Oldsmobile.

We aimed higher than simply pioneering the "eight." We aimed to produce one of moderate price and low maintenance costs,

—that had the flexibility, smoothness and abundance of power inherent in the 8-cylinder car.

—that cost a little to buy and operate as the majority of "sixes" and many "fours."

—that would be smartly distinctive, yet characteristically Oldsmobile.

Our aim is attained in the "THOROBRED"—the only popular priced "eight" in which mechanical excellence is combined with rare riding comfort and up-to-the-minute body lines. Oldsmobiles have been the history-makers of motordom; the "THOROBRED" is well worthy to perpetuate the name.

Descriptive literature will be sent upon request, or a demonstration gladly arranged.

Hood Prices, being based absolutely on actual costs of highest quality materials and labor, are consistent with Hood Quality and Road Service

The Hood ideal of tire value and service — greatest average mileage actually delivered at lowest cost per mile — remains unshaken by unsettled conditions which are arising to confront and confuse both tire dealers and tire users.

With costs of materials and labor at a high point, with the cost of cotton showing increase, with labor constantly increasing in cost, with rubber only slightly weakening, and with overhead reduced to a point of efficiency seldom equaled in the tire business, Hood will maintain present prices and quality.

Any reduction under the above conditions would necessitate a reduction of quality or quantity of materials or of both. *We will not pull down our standard*—it has made Hood Tires famous the country over as the Quality Tires of America.

The quality of Hood Tires will be maintained.

Hood prices will continue to be—as in the past—THE standard by which *real* tire values can be safely judged, for to-day the *price* of a tire is the only true representation of comparative value—guarantees have come to mean nothing.

Ask us to show you records of Hood average mileage of last year. Let us prove to you WHY price, divided by miles actually delivered, makes the Hood the most economical tire you can buy.

Can you afford to be without Hoods?

Hood Tires give maximum miles at minimum cost. A bona-fide guarantee with every tire. Fabric guaranteed 8,000 miles; cord guaranteed 10,000 miles. Cut your car expense by equipping with Hoods.

Dependability Under the Hood

You put absolute dependability under the engine hood when you fit your car with

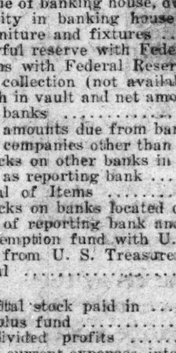
BLU-STREAK ADJUSTABLE GAP THE GUARANTEED SPARK PLUG

You're assured of that by the unqualified guarantee that goes with every Blu-Streak. Put one in *every* cylinder.

Any interested motorist can learn why by an actual demonstration. We'll be glad to show you. Call—or write or phone and our representative will call.

GUARANTEE

BLU-STREAK Spark Plugs are positively guaranteed not to break or leak compression. In the event that any BLU-STREAK proved defective as regards workmanship, operation or, material, return it at once for replacement without charge or 'argument.



No. 20, without adjustable gap, $1.00

9 unusual BLU-STREAK features

1 Unbreakable Dome — Practically indestructible.
2 Solid Steel — The heavy solid steel shell insures greatest strength.
3 No Bushings — Gaskets or other packing to cause leakage.
4 Mica Insulation — Ninety inches of finest Argentine mica wrapped lengthwise around steel electrode, can't break, burn out, chip or crack.
5 Extra Heavy Electrode — Absorbs excess heat from firing pin thus prevents pre-ignition.
6 Exact Gapping — Insures perfect fit into motor.
7 Fish-Hook Electrode — Keeps oil drip permanently away from spark.
8 Adjustable Gap — No attachments required. See adjustment through opening in dome.
9 Guaranteed — Without qualifications.

Dealers: If you are interested in a proposition that assures satisfaction to the motorist—a sure seller and sure repeater—investigate the BLU-STREAK. Call, phone, write or wire; and you will receive our prompt attention.

Buy Toys Now!
Don't Wait

Notwithstanding the demands which have already been made upon it, our stock of the finest American-made toys is still very complete. But to get the first and best choice, it is up to you to visit this store and make your choice now. A small deposit now will reserve your choice until wanted.

This store is brim-ful of gifts suitable for every member of your family. And to enable parents to view our big selection of toys we are open every evening until 9.30 P. M. Let us show you our lines of acceptable gifts.

A patriotic parade for American-Made Toys

HERE is Toyland with every conceivable kind of toy to amuse and educate.

But that is not all. For the toys here are AMERICAN-MADE. Minds that understand the spirit of American boys and girls created the toys we show. American workers were made happy in the thought that they would help build a patriotic spirit in the growing generation.

America makes the best toys. That is why American-Made Toys lead in our displays. As patriotic American fathers and mothers, see that your children's patriotic spirit is built up—made a big part of their lives, by giving them only 100 per cent American Toys and telling them of that fact.

Buy American-Made Toys

We have them for sale here. We are proud of it because we are protecting America's industry by doing so. We are proud, too, because it means the best toys—the best made—the greatest variety—are here—now, ready for you to come and choose from.

GRAND THEATRE

Monroe Salisbury, the Universal star, appears as a blacksmith in "The Divorced Wife," now being shown at the Grand Theatre. Salisbury was standing in the door of his "shop" between scenes during the filming when an old fellow clattered up in a buggy and said: "How much will ye charge to shoe this here hoss?"

Salisbury answered: "Well, there are thirty two nails needed; eight in each shoe. Give me one cent for the first nail, two cents for the second, four cents for the third, eight cents for the fourth, and so on up to thirty-two and I'll do the job."

"Fair enough," said the old duffer, "how much will that amount to for the job?" Salisbury admitted that the mental calculation was beyond him. Also a comedy.

RICHMOND THEATRE

If you haven't been to the Richmond Theatre to see "Checkers," today is your last chance to view the big Fox special production. "Checkers," is a play abounding in color and atmosphere, and contains many beautiful as well as thrilling scenes. In the vernacular, it is a "corker."

Richard Stanton, who directed the picture, has followed closely the story of the famous stage play from which it is made; but elaborating the racing and fighting scenes. The play is finely presented by an all star cast headed by Thomas J. Carrigan and Jean Acker, and is a treat to both those who saw the brilliant play on the speaking stage, and those who were not so fortunate.

INGOMAR THEATRE

Every now and then a really big production comes along—"A Dangerous Affair," at the Ingomar tonight, with Herbert Rawlinson is just the kind of picture you like. It's full of big scenes, big fights, big thrills, big suspense.
